## Antioch Lads Top Contest at Ill. U.

### Poultry Culling Team Qualifies for National Tryouts

Antioch's Future Farmer Poultry judging team, consist of Gordon Gebhardt and Kennedy Heuer ranked in the top ten teams in a competition of over 400 schools at the State Judging Contest at the State University, Urbana, Illinois. This qualifies the team to tryout to see who will represent Illinois at the National Contest at Kansas City.

Two other Antioch teams received blue ribbons, being in the upper third of those competing. They were the Grain Judging team consisting of Carlyle Harris, Jack Heick and Richard Raether; and the Dairy Team represented by Logan Lundgren, Noel Elfering, and Warren Wells.

The Livestock team represented by George Gossell, Russell Myers, and Gordon Wells, placed in the red ribbon class, being in the second third of the competition.

Those accompanying the group to Urbana were C. L. Kutil, Vocational Agriculture teacher and coach of the teams; Gordon Wells, Sr. and Mr. Clay of the Ravenslen Farms.

## Legion League Games to Be on Thursdays; Antioch Wins 2 of 3

League games will be played on the home diamond by the Antioch Legion softball team on Thursday evenings only. Improvement of grounds elsewhere now makes it possible for some of the guest teams to return to their own diamonds, it is said.

The Antioch team has been turning in some good games and is on the winning side of the ledger, but it has met a stone wall in Long Lake.

On Monday, June 16, the local team defeated Round Lake 7 to 2, and on the following Thursday won from Grayslake in a closely contested battle 8 to 7.

On Monday night of this week Antioch fell beneath the hitting of the Long Lake team 8 to 1.

Other games played here included: June 16—Long Lake 4, Grayslake 0; June 17—Fox Lake 10, Volo 6; Round Lake won by forfeit from Richmond; June 19—Long Lake, 4 Round Lake 2; June 24—Volo 10, Round Lake 9; Fox Lake 9, Richmond 8 (extra inning).

## Committee and Engineer Examine Arterial Streets with Improvement View

Victor Kasser city engineer of Elgin, Ill., will confer with members of the street and alley committee of the village board this evening in ascertaining what is needed in the way of improvement of arterial streets at state expense.

He and the committee will go over the streets and will estimate the amount of asphalt needed for either paving or patching and will recommend to the state department of highways the amount needed from motor fuel tax to pay the cost. The refund of fuel tax is allocated from time to time and credited to the village. Kasser has served the village in previous occasions in a similar capacity.

The board will have its regular meeting Tuesday evening at which time the committee will make its report. It is hoped that the street improvements can be made by August 30.

The board is schedule to take up and probably pass the appropriation ordinance at Tuesday's meeting. President George Bartlett said.

## Fire Department Stood By During Power Blackout

Because there wasn't enough electrical power to sound the fire siren, a half dozen members of the Antioch fire department stood by from noon to 4 p. m. Sunday while the power was off.

Certain sections of the Antioch area were without electricity for four hours Sunday as the result of a transformer on Rte. 59 going bad.

"We want the people of Antioch to know that we are protecting them at all times and under all circumstances against the hazard of fire," Clarence Shultz, secretary, said.

## Otto Gruner Will Open Steak House Saturday

Otto Gruner has announced that his new "Steak House" on Rte. 173 just east of Rte. 21 will be opened for business Saturday.

Built and owned by his father, Richard Gruner, the new lunch room is hexagon shaped in front and has an extension for living quarters in the rear. The place is a part of the Jensen subdivision.

Gruner is experienced in the lunch room business having operated one in Berwyn for 10 years. The business place is not only easily accessible to passing traffic, but is near the high school and can provide service for students and faculty members.

## Area Boy Scout Camp Has Face Lifted in \$20,000 Expenditure

When a boy becomes a Scout, one of his greatest desires is to go camping—to camp and camp and still to camp some more. The North Shore Area council provides the fulfillment of that desire at Camp Ma-Ka-Ja-Wan, one of the finest Scout camps in the country.

Everything is present at Camp Ma-Ka-Ja-Wan to make it a great camp—great rolling land, a pure spring-fed lake, hundreds of acres of woods, adjoining thousands of more acres of forest, an excellent camp staff, good

George R. Boardman will be chief camp director at Camp Ma-Ka-Ja-Wan, Area Boy Scout Camp

wholesome food a plenty, a program developed for boys—special events—row boats, canoes, sail-boats, war canoes—safety, protection, health.

In 1946 Camp Ma-Ka-Ja-Wan, an already beautiful, healthful and well managed camp, had its "face-lifted." Nearly \$20,000 was expended on capital improvements to make this camp even safer, more healthful, and to provide greater opportunities for real Scouts to do real scouting and camping. The camp did not lose any of its ruggedness. It did not become a "Summer Resort."

During the winter of 1945 and the spring of 1946 the camp committee of the North Shore Area council made many needed and desirable improvements.

Camp Ma-Ka-Ja-Wan this summer will have a camp staff that is definitely one of the best in the history of the camp.

George R. Boardman, Scout executive of the North Shore Area council, will be the Chief Camp Director. Mr. Boardman has had 21 years of professional service in Scouting and Camp operation and management.

The Camp Director will be J. S. (Jerry) Knowlton, Assistant Executive of the Council. Mr. Knowlton is an Eagle Scout and has had a wide experience in 25 years of camping as a Scout, camp counselor and camp director. He is a World War II veteran. Jerry is serving his second year as director of Camp Ma-Ka-Ja-Wan.

## Wilmot-Band to Present Free Public Concert on Sunday Night in Wilmot

The Wilmot band will present its second outdoor concert at 8 p. m. Sunday.

The band stand is situated on the Hegeman property next to the drug store in Wilmot. Instrumental soloists will include Beverly Griffiths, Marilyn Axtell, Joanne Schnurr, Marion Axtell, Robert Beland and Mary Lou Munshall.

E. C. Falt of Silver Lake is donating the use of his public address system for the concert.

The first concert was presented on June 8 and was enjoyed by a large audience. Several concerts are being planned for July. There is no admission charge.

## Lake Villa Community Men's Club Arranges Auction and Carnival

### Event Next Week to Raise Money for Program Next Year

The Lake Villa Men's Community club will stage its third annual auction and carnival next week at Lehman park in replenishing the fund for youth activities in the community.

The affair will be started with an auction on Thursday evening, July 3, when donations of new and hard to get merchandise will be auctioned to the highest bidders. Friday, Saturday and Sunday evening following will be given over to the carnival.

William Chandler of Gurnee, a skilled auctioneer, will be in charge of the auction. There will be no operation of the carnival the first night, but refreshment stands will be open.

After the auction the first performance of vaudeville which will be provided each evening will be staged. The attraction is expected to draw many and is entirely free.

William Weber, chairman of the club said that the work of putting up and taking down booths, operating stands, and providing prizes will be gratis on the part of the business men so that as much of the receipts as possible can be retained for the recreation fund.

The summer program provided by the club is going over good this summer. Because some of the older children are working and cannot attend the afternoon events, arrangements are being made to have evening programs.

## Masonic Lodge Confers Third and First Degrees

The Rev. E. William Strauser of St. Ignatius rectory, and James Preskie were raised to the degree of Master Mason by the Antioch Lodge AF and AM Saturday evening.

Seventeen members of Siloam Commandry Lodge No. 54, of Oak Park and others from Fair Oaks lodge were present.

John Gaa, worshipful master, was in charge and served in his office Tuesday evening of this week when the Entered Apprentice degree was conferred on four candidates in afternoon and evening sessions.

## Crown Farm Hog Sale On July 12 Expected To Attract Big Crowd

A sale of 200 purebred Hampshire hogs, national in interest, is expected to attract hundreds of hog raisers to the Crown Farm Sales near Silver Lake Saturday, July 12.

The Crown farms have one of the top herds of the country and the owner is offering some of his choice animals.

The farms were purchased four years ago and a year later Hampshire breeding was started with the purchase of Rogers III Roller, a purebred boar valued at \$3,500. Later 1-A, \$3,000 animal was purchased and top females were added from 12 different states.

The sale will start at noon with the sale of some purebred Holstein bulls and much dairy, hog and farm equipment, but the hog sale will not get under way until 7:30 p. m.

Col. G. H. Shaw, nationally known auctioneer from Memphis, Tenn., will be chief auctioneer with Cols. Roberts and Dahm assisting.

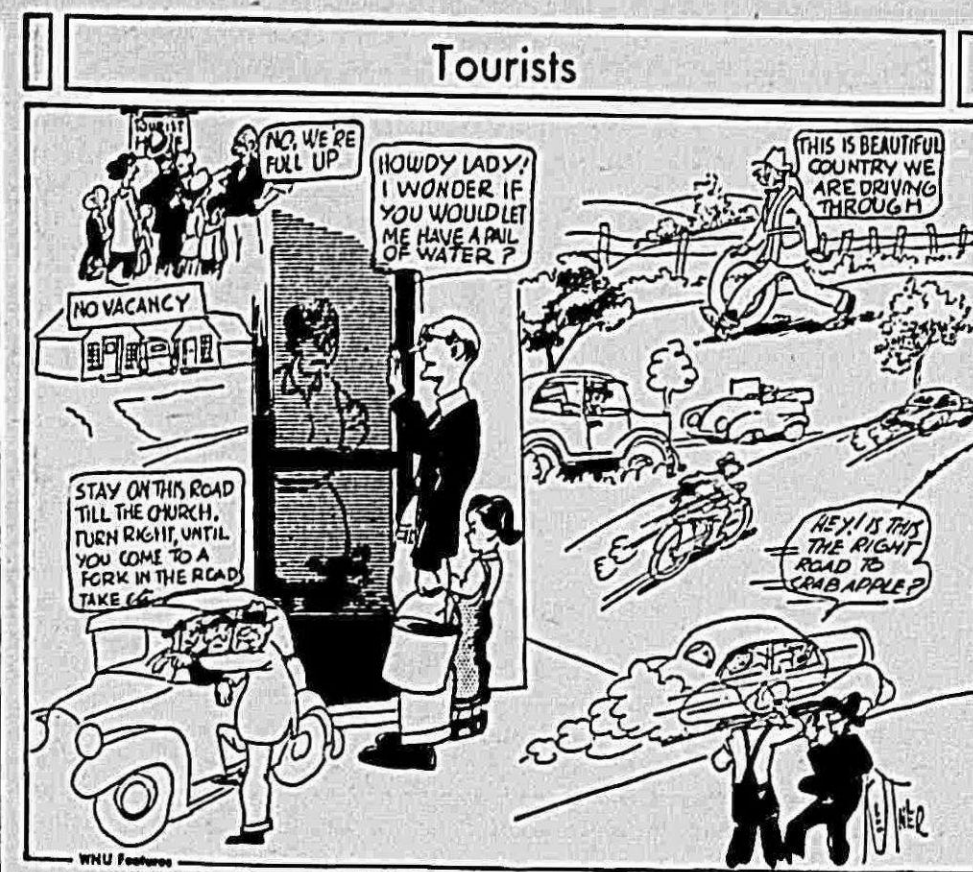

Visitors will have opportunity to inspect the Crown farms which are the last word in modern farming. The Holstein cattle herd started three years ago is outstanding and 12,000 hens are expected to be in full egg production by fall.

The farms contain nearly 600 acres, and 100 persons are employed on them. They have their own store and own motion picture theatre and the amount of mechanical equipment employed would equip a village store.

A new type of stanchion cleaning equipment, and a silage ejector machine are some of the latest mechanical devices which will be displayed to visitors.

## V. F. W. Will Consider Meeting Night Change

The Veterans of Foreign Wars will have their next meeting Tuesday, July 1, according to Commander Robert Strang, who has asked a large turnout because of the planned discussion of changing the meeting night. Strang said he was pleased with the turnout at the pot luck supper on June 17 given by the auxiliary.

## Antioch's Mystery Boat to Make Debut July 4; Bohemia Club July 20

### Sunday's Race at Helvetia Lacks Contestants and Crowd Light

A class E inboard motorboat termed at present by it Antioch owners as "Mystery Boat" will make its debut July 4 at the Davenport, Ia., races of the Midwest Power Boat association. Possessing a Speedliner hull, a 225 cu. inch Lycoming motor, with a 175 horse-power, the craft weighs but 265 pounds. With this weight and power it should be able to fly as well as float.

Owners of the boat are Ches Molinari, Fred Stahmer, of Antioch, and Bert Bliss of Bluff Lake.

The boat was scheduled to take part in the race last Sunday at the Helvetia hotel, but found conditions not the best for this type of boat. It is expected to compete however, against the "Viking," "Chickie" and "Tornet," which are to be taken to Davenport for this race.

Last Sunday's race did not have the number of entries that the raving association desired. The race on July 6 at the Yacht Club Bohemia, is expected to be much better, and a race is scheduled for July 20 at the Mineola hotel.

The results Sunday were: 95 h. p. inboard—Peter Kay's "WV Wash" first; "Fertile Turtle," second; "Run About," third. Time 5:07 and 5:07½.

103 h. p. inboard—Fred Stahmer, first; Eric Bart, second; Richard E. Kaiser, third. Time 4:50 and 5:06½. Class E—Grundstrom's "Viking," first; E. Zender's "Hex II," second. Time 3:58.

Outboard C Service—Harper's "Snort," first in 4:35 and 4:42; D. C. Bennecke's "Sharkey," second in 4:32 and 4:45; Sneezy, third.

Class C, novice (six entries)—Carl Groff, first; Bob Elder, second; Jack Wiley, third. Time 6:19 and 6:27. Free-for-all—C. G. Harper, first; Carl Groff, Fox Lake, second. Time 4:40 and 4:42.

## Prairie View Boy Shows Lambs at Chicago Sale

Elmer J. Doliner a Lake county farm boy and Vocational Agriculture student from Prairie View, exhibited lambs of his own raising in classes at the 9th annual Chicago Junior Market Lamb show and sale, held on June 13 at the Chicago Stock yards.

He was among a group of 69 4-H and F. F. A. boys and girls who exhibited 360 Spring lambs. They were from three states, Illinois, Wisconsin and Indiana.

The lambs were shown in four classes: single lambs and pens of three, five and ten lambs. They were judged by Packer sheep buyers on the Chicago market.

Lightning Strikes Near Car Lightning struck a telephone pole so close to the passing car of Mr. and Mrs. Robert Gaston at noon Wednesday that splinters showered the car. The Gastons were riding a mile west of the village on Rte. 173 during the storm when the bolt of lightning struck the telephone pole. They felt no effects of the electricity.

Serves in O. E. S. Office Mrs. Homer B. Gaston served as a member of the grand chapter committee of the Order of Eastern Star in filling the post of Electa at North Chicago Wednesday evening.

Trevor Has Festival The Trevor Social Center has announced a public carnival for this weekend.

## Kenosha Outboard Motor Boat Races Sunday Will Have a Hundred Entries

Over 100 nationally known outboard racing drivers are expected to be on hand for the Wisconsin outboard motorboat racing Championship at Kenosha, Sunday afternoon, June 29, race officials announced today. Prize money totalling \$1,275—the highest mark in the three year history of the regatta—is being offered by the Kenosha Junior Chamber of Commerce, annual sponsors of the meet.

The full program of 13 races for all classes of boats begins at 1:30 p. m. over the Kenosha lakefront's Eichelmann Park course. Included among the stellar field are such standouts as Bud Finkl, of Chicago, 1946 national amateur Class C champion; Harold Winzler, of Chicago, last year's runner-up to Finkl in the Class C national competition; and Tony Benda, who two weeks ago won every Class C Runabout event in the Chicago Tribune's Anniversary regatta at Chicago.

Other professional drivers whose presence is considered probable are Harry Nicodemum, national Class C professional champion; Harb Johnson, Roscoe, Ill.; Harry Vogts, Madison, Wis.; Homer Kincaid, Carbon Cliff, Ill.; Andy Wandell, Conrad, Ia.; Don Frasier, Rantoul, Ill.; and Jack Sherman, Gary, Ind.

The 13 races over the tricky one-quarter mile course will take in every class of outboards. Such a full-scale display of the various types of racing draft will give outboard racing fans a rare opportunity of contrasting the various types of outboard equipment in racing use today.

## Making Hay While the Sun Shines Soon To Be Thing of the Past Here

The idea of "making hay while the sun shines" may soon be thrown into the discard if farmers take to the new method of making hay.

Albert Herman, northwest of Antioch is one of those who last year installed a new hay dryer in his barn and found it very successful.

The hay is mowed with all of its moisture, but once it is in the mow a blower is started in operation and air passes through and in a period of from 10 days to two weeks according to the amount of moisture in the hay, the drying process is completed. The cost is from \$1 to \$2 a ton.

The hay is cut up in the field and can be blown into the mow, a labor saving device that many farmers can appreciate. When "dried" the hay maintains its leafy texture and is relished by stock.

The main argument for this method of drying is that the hay retains its vitamin content which benefits the stock. The sun is a good dryer, but he takes from the hay much of the valuable content such as vitamins.

And this spring and summer hasn't been any too dependable at being on the job.

Hay cutting is already under way in Antioch township.

## GRAYSLAKE CLUB TO HOLD SILVER TEA AT MARIANNE'S

Grayslake Woman's Club will hold a Silver Tea on Monday afternoon, June 30, at Marianne's Hunt and Treasure, 445 Lake Street. Mrs. S. Y. Patterson, of Chicago, will address the group, her subject being "Spiritual Poise and Posture." Members of the club will model Marianne's summer styles.

## Buyer Preference for New Product Causes Frostee Sno to Convert

### Color Illumination Ornaments More Popular Than Old Original Line

Buyer preference for color illumination type ornaments has made it necessary for the Frostee Sno Company, manufacturer, to convert present equipment and as a result will operate the factory here on a reduced production schedule during July and August, John Oftedahl, manager, has announced.

Analysis of sales received from representatives from coast to coast indicate that the retail merchants prefer the illumination type ornaments three to one compared with the non-illumination ornaments. The latter was the only type produced in the past three years while the Frostee Sno company has been located in Antioch.

To adjust its production facilities to meet the changed buyer reaction, the company has decided to convert its present equipment so as to manufacture the exclusive patented line of illuminating type ornaments only starting about Sept. 1.

The company reports that its sale on advertising displays to date are approximately 50 per cent over the same period in any of the past 12 years. So urgently do department stores want the Frostee Sno blocks for their summer windows that it is not unusual for the company to get a telephone order from New York City to be delivered by air express for arrival in New York the next morning.

## Calendar Summer Brings Warmth and Sunshine to Lake Resorts, Farming

The calendar summer arrived Saturday and with it real summer weather.

The warmth and sunshine of this week put life in the lakes area and vacationists began to flock in. The numbers will increase next week with the arrival of the Fourth of July holiday and it is expected the resorts will all be crowded.

Farmers in Antioch township welcomed the arrival of fair weather. After a spring that was wet and cold so that they could scarcely get into their fields, they found several days of ideal conditions to plant corn. It is estimated that most of the corn is now in.

Fields that were planted early already have a stand of corn and it appears to have seeded well despite the water-soaked ground. With a late frost there is still plenty of time for a good crop of corn.

The Chicago board of trade was somewhat pessimistic this week for corn passed the \$2 mark, the highest since the war.

With continued good weather the farmers will soon turn to the work of cutting hay and planting soy beans.

## Efforts Made to Form Antioch Camera Club

Efforts to form a camera club are being made by Robert Strang.

William Banedit will serve as instructor in photograph finishing and meetings of the club will be held at intervals in studying the best way to take and develop pictures.

An effort also will be made to obtain favorable discounts in supplies for members of the club.

Strang said that any persons interested may call him at Antioch 52 or Banedit at Antioch 158-M-2.

## Minstrels to Perform

The Triangle Minstrels, headed by Tom Brown of the Six Brown brothers troop, will show at Pregenzers resort July 5. The company of 30 persons is spending a vacation at Lake Marie, and plans to put on its full show with scenery.

Fair at Wilmot, Aug. 8-10 The Kenosha County fair will be held at Wilmot, Wis., Aug. 8, 9 and 10, M. M. Schnurr, president, has announced.

All entries must be made by Friday, Aug. 1, Schnurr said.

## Wesley Circle Meets

Wesley Circle will hold its business meeting at 2 p. m. Wednesday, July 2, at the home of Mrs. William Runyard. Miss Bell Richards will serve as chairman.

### Trimming Sails

The theory that excessive business profits are the primary reason for high prices is a dangerous half-truth. It is true that certain types of manufacturing business, producing consumer goods, have shown large earnings. But this was obviously due in part to great demand caused by five years of shortages and scarcities. At the present time, the volume of sales at the retail level is on the decline.

Profits in certain basic lines—such as motors, steel, coal, etc.—have been moderate despite the high level of demand. Extremely high labor costs, coupled with low worker productivity, have prevented anything resembling excessive profits in these fields. It thus becomes extremely difficult to see how substantial price decreases can be effected without a sharp rise in work done per man hour. To this extent, the industrial worker himself holds the key to the price problem.

The most encouraging sign is that there have been no late price increases of moment, and in a number of lines there have been small but significant declines. Much of the credit for this must be given to retail industry which has been fighting an aggressive battle in behalf of the consumer. The retailer is caught between high wholesale costs on the one hand and increasing consumer resistance on the other, and he knows better than anyone else the problems and needs of the buying public. He is convinced that qualities must be improved, and that every possible step be taken to bring prices down. He can't control inflation—but he is doing everything within his power to check it.

### Let Common Sense Prevail

The many questions of great moment with which Congress has been dealing have blocked consideration of a long list of important measures. In spite of that, there should be no further delay in bringing to a vote the Reed-Bulwinkle bill to legalize a system of rate-making by the railroads which has worked with astonishing success and fairness for a great many years. This measure has been fully debated, and a Senate Committee took some 4,000 pages of testimony

from interested parties concerning it. In the words of Senator Reed, "In my 25 years of contact with this sort of thing I have never seen the public support so strongly any piece of legislation as it has this bill." Senator Reed does not speak idly—the measure was practically unanimously endorsed by members of the Interstate Commerce Commission, by the head of the Office of Defense Transportation, by shipper and agricultural groups, by distinguished economists, by the press, and by hundreds of other authorities.

The late Joseph B. Eastman, who was considered by many to be the foremost dispassionate expert on transportation in this country, summed up the need for the bill when he said: "If the carriers of the country are to respond to the duties and obligations imposed upon them by the Interstate Commerce Act, and if the rate structure is to be reasonable, free from unjust discrimination or undue preference and prejudice, . . . the carriers must be in a position to consult, confer and deal collectively with many of these matters."

The bill has been endorsed by the necessary committees. It should be brought to a vote at the earliest possible moment.

### Lives Saved

Adequate precautions, good construction, and fire safety rules are saving lives in hotel fires, according to the National Board of Fire Underwriters.

In Terre Haute, Indiana, for instance, fire broke out in a 10-story hotel. Fire Department officials said that the action of guests in not opening doors and running into corridors prevented what might have been a disaster.

In the Hotel Lincoln in New York, a mattress burst into flame from a cigarette. A heavy door prevented the spread of fire and smoke—proving that proper construction is one of the best defenses against conflagrations.

It is estimated that an inspection of hotels inaugurated on a statewide basis by Arkansas insurance men last summer saved 18 lives when a Hot Springs hotel burned. The inspection led to the clearing of a fire escape down which guests fled to safety.

Efficient work by the service personnel of a St. Louis hotel prevented panic from breaking out among 800 guests when fire started in a porter's room on the first floor and raced up a shaft to the 16th.

Fire prevention measures, including newly-installed protection of an elevator shaft, is credited with averting disaster in a recent Grand Rapids hotel blaze.

There are signs that the war against fire is bearing some fine fruit. We must keep up and intensify the work.

Mr. and Mrs. Leslie Diedrich entertained 40 friends at a pot luck supper Sunday evening.

Mr. and Mrs. Martin Skolas, of Kenosha, were supper guests at the home of their cousin, Mrs. Anna Bauman Sunday.

Mr. and Mrs. Ernest White, former

residents of Millburn, of Rollins Mountain are spending ten days with the former's brother, Lloyd White and family in Waukegan and other White and Thain relatives at Millburn.

Mr. and Mrs. Bert Bracher, of Libertyville, were callers at the Ed Hoffman home Monday evening.

Phyllis Hauser is spending a week with her sister, Mrs. Clifford Weber, Jr., at Grayslake.

Mr. and Mrs. D. H. Minto and daughters, Katherine and Ruth Minto spent Sunday with Mr. and Mrs. H. M. Johanningmeier in Manhattan, Ill., Sunday.

### MILLBURN

Rev. Albert Duncan, Divinity student at University of Chicago, was in charge of the church services Sunday morning in the absence of Rev. Messersmith. The Messersmiths will return Friday from three weeks vacation with relatives in Nebraska and Idaho, and it is hoped a large congregation may be present Sunday to welcome them back.

The fourth meeting of the Millburn Maidens 4-H club was called to order by Pres. Chloe Diedrich Tuesday afternoon at the school house. Joan Stephens gave a demonstration on "Seam finishes." A demonstration "How to sew a button on correctly" was given by Virginia Harness. Sharon Weber gave a demonstration "How to Baste." Visitors were Barbara Peyer and Delores Sundin. Chloe Diedrich accompanied the girls on their songs. Mrs. Eric Anderson, leader, urged the older girls to enter the 4-H club Better Methods Activity contest where awards will be sponsored by Public Service Co. of Northern Illinois, Western Gas and Electric Co. and Illinois Northern Utility Co. Next meeting will be Tuesday, July 1.

Anita Messner, Reporter. Georgia Stephens is spending three days at 4-H club camp near Rockford. Mrs. Peter Tillich spent Tuesday in Chicago with her daughter, Mrs.

Tony Hellstern.

Miss Marjorie Doolittle was honored at a nuptial shower given by Mrs. Russell Doolittle at the Gordon Bonner home Monday evening with 20 relatives and friends present. Miss Doolittle and Raymond Baethke, of Antioch will be married at Peace Lutheran church in Wilmet, Wis. Tuesday evening, July 1 at 8 o'clock.

Mr. and Mrs. Raymond Hauser and son, Jimmie, and Mrs. Frank Hauser spent Sunday with the latter's mother, Mrs. Charles Hoff, at Camp Lake.

Members of the Mylo club were entertained at the home of Miss Ruth Minto Thursday evening with Mrs. Ruth Wilton and Mrs. Phyllis Erick-

son as cohostesses. The two June brides, Carol Upton and Marjorie Doolittle were honored with showers of kitchen utensils from the group.

Mr. and Mrs. Donald Minto, of Providence, Rhode Island announce the birth of a son, Monday June 16, who is the fifth grandson of Mr. and Mrs. Harold Minto.

Fourteen members of Millburn unit of Home Bureau and their guests enjoyed the annual garden party of Lake County Home Bureau at the Eugene Pfister home at Ivanhoe Friday afternoon.

The Couples Club and their families held the annual picnic at Petri-fying Springs Sunday noon with 50 present.

Village Clerk Reinebach announces that the 1947 Village auto licenses are now available and advises you to get yours now.

Early last Sunday evening the Wm. Walker family, east of town, was attracted by the sound of a bomber plane going over and circling their place and later, in a call from Chicago, this was verified by Capt. Wm. Walker, Jr., their son, on a trip to Chicago from his base in Louisiana. He flies a twin engine B-29 bomber.

The girls of the Cedar Lake 4-H club met last Tuesday with their leader, Mrs. Leonard Mattson, and the topic of the day was "Meal-time-be-wise-exercise," taken by Lois Loesch. After the business meeting, the girls worked on their project for the year, then enjoyed refreshments.

The Pinochle club met Tuesday last week with Mrs. Evelyn Hucker at her home for pot luck dinner at 12:30, when Mrs. Ireland's birthday was observed by a big birthday cake

and singing of the birthday song. Games of pinochle were played during the afternoon.

Mrs. Joe Nader is recovering from an operation performed on Tuesday last week at Condell hospital at Libertyville. Her son, Joe, Jr., and wife, who were married last winter are now living at the Nader home.

On Thursday last week Mrs. Leonard Mattson, leader of the Cedar Lake 4-H club girls, and accompanied by Lois Loesch, Jean Hawkins, Ann Mattson and Jeannette Burt attended a meeting in Libertyville at the home of Mrs. Helen Volk, home adviser for Lake County, when "Furniture Refinishing" was the topic discussed for Lake County Home Bureau members.

The Community Men's club is busy arranging for their annual carnival to be held at the Village Park on July 3, 4, 5 and 6. This promises to be a very enjoyable affair.

The Community Men's club also sponsors supervised games and sports

for teen-agers and children of elementary school age throughout the summer, program in charge of David Schrum, principal of the school. There are definite periods of swimming for boys and girls of age groups, story hours for the little folks and games all supervised.

**Chicago and Northern Illinois . . .  
Future Medical Capital of the World**

Already known throughout the world for its schools of medicine, institutes of scientific research, and large, well-staffed hospitals, the Chicago and Northern Illinois area will continue to attract important men of medicine from the world over.

Today, the area is the site of four medical and three dental schools of highest standing. Practical training is carried on in the 174 hospitals, and 27 sanitariums and infirmaries containing 71,349 beds. Here, also, are the homes of a dozen national and international organizations in medicine and related fields. The territory is now the world center for medical information . . . more than forty medical and allied journals are published here.

Within the next few years, Chicago and Northern Illinois is destined to rank above all the great medical centers in history. Three tremendous expansion programs are far beyond the planning stage with most of the land for the buildings already purchased. Public and private sources have pledged additional funds for the establishment of new medical facilities, hospitals and laboratories to cover many acres of land and to cost hundreds of millions of dollars.

In the Medical Center District project, the University of Illinois and Loyola University, the State Department of Public Welfare and the Veterans' Administration will erect a community of new buildings for the study of public health, industry and aviation medicine. In another of these vast programs, Northwestern University plans ten new buildings, including an Institute for Medical Research in such fields as heart ailments, cancer and high blood pressure. Other buildings in this group will enlarge the facilities for special medical studies, hospital care and the nursing school. As part of this project the Veterans' Administration will erect a hospital, and Mercy Hospital will install a one thousand bed hospital unit and a research center.

At the University of Chicago still another of these expansion programs is under way. Four new clinic buildings and four buildings for atomic research, including the Institute of Radiobiology and Bio-physics, will be added. Extensive investigation will be conducted into the new possibilities in medicine, particularly in cancer, opened by the development of atomic research. Throughout all of Chicago and Northern Illinois many other groups have announced plans totaling more than 200 million dollars for hospital facilities.

Students and doctors seeking opportunities for research, advanced study, and actual training under foremost physicians and surgeons will turn to the many hospitals and schools here. As the land is being cleared in multi-million dollar programs, and as the finest hospital and laboratory equipment in the world pours in, future world leadership in the field of medicine is assured for Chicago and Northern Illinois.

Industries in this area have these outstanding advantages: Railroad Center of the United States • World Airport • Inland Waterways • Geographical Center of U. S. Population • Great Financial Center • The "Great Central Market" • Food Producing and Processing Center • Leader in Iron and Steel Manufacturing • Good Labor Relations Record • 2,500,000 Kilowatts of Power • Tremendous Coal Reserves • Good Government • Good Living • Good Services for Tax Dollars. Send for free booklets containing useful information on these advantages.

## Home Bureau Party Held Last Friday at Pfister Garden

Blue skies, a warm sun and a cool breeze in the C. Eugene Pfister's beautiful rose garden was the perfect setting for the Lake County Home Bureau annual garden party held June 20.

Three hundred members and guests toured the gardens and then assembled on the spacious lawn for the program. Mrs. Douglas Crooks, program chairman, welcomed the guests and presented Miss Betty Anderson who gave several fine numbers on her accordion. Mrs. Helen Volk, Lake County Home adviser, gave a short talk, complimenting the committee for its work in arranging the party. The committee included Mrs. Douglas Crooks, chairman, Mrs. Clayton Tiffany, Mrs. Orville Archibald, Mrs. William Boyesen and Mrs. Homer Havermale.

The speaker of the afternoon was the hostess, Mrs. Pfister. She spoke on "Roses," telling how their rose garden had been developed in the past four years. She said "One really must love roses to give them all the care they require." The Pfisters now have between 15,000 and 17,000 rose bushes and plants including over 200 varieties. Mrs. Pfister first told about the various kinds of roses and then explained how they should be planted and cared for. After her enthusiastic and enlightening talk, the audience was eager to get back to the gardens to examine the varieties she had described. Mrs. Crooks presented Mrs. Pfister a pair of chateau pins in appreciation of her hospitality.

Three beautiful tables were set in the garden. They were covered with lace cloths on which were placed the punch bowls, individual cakes decorated with frosting roses, candies and nuts. Mrs. Fred Oschman, Mrs. George McGaughey and Mrs. John Stehr poured. Miss Barbara Crooks was in charge of the record player which provided amplified music during the tea hour.

It was a lovely party which will long be remembered. All agreed it was comparable to the many enjoyable garden parties which the Lake County Home Bureau held before the war.

### CELEBRATE SILVER WEDDING ANNIVERSARY

Mr. and Mrs. R. C. Jepson celebrated their twenty-fifth wedding anniversary at their home at Lake Marie Sunday. Dinner was served to thirty-five guests at the noon hour. The Jepsons are the parents of a daughter, Jane, (Mrs. A. D. Blake-man, of Lake Marie) and a son, Ralph, of Detroit, Michigan. Mr. and Mrs. Jepson left Monday for a two weeks vacation and fishing trip to Northern Wis.

### Worthy Grand Matron to Visit Eastern Star Lodge

Mrs. Mildred C. Barber, grand  
worthy matron of the Order of  
Eastern Star in Illinois, will conduct  
official business at the meeting of  
the Antioch chapter here tomorrow  
evening.

She is expected to bring with her  
some members of her official group.  
The local chapter has been pre-  
paring for the visit of the Chicago  
woman for several weeks and is an-  
ticipating an interesting meeting.

Harriet Davis, worthy matron, as-  
sorted by officers of the local chap-  
ter, occupied the worthy matron's  
chair at Lake Forest Monday evening.

### Rainbow Girls Have Both Swimming, Slumber Party

The local chapter of Order of the  
Rainbow held its regular meeting  
Monday after which the girls went  
to Sherwood park at Lake Villa for  
swimming. At 10:30 p. m. they re-  
turned to the Elmer Hunter home  
for a slumber party. The girls con-  
fessed they got little sleep but they  
all had an enjoyable time.

### MR. AND MRS. HASNEY ANNOUNCE MARRIAGE OF DAUGHTER

Mr. and Mrs. C. W. Hasney an-  
nounce the marriage of their daugh-  
ter, Marjorie to Mr. Vern Jewett, of  
Lincoln, Nebraska, March 21 at Lin-  
coln. The Rev. Fred Lesston officiat-  
ed. Mr. and Mrs. Jewett are making  
their home in Nebraska. Mrs. Jewett  
is spending a ten day vacation in  
Antioch visiting her parents and  
other relatives.

### ST. IGNATIUS GUILD

#### HOME BAKE SALE

Members of St. Ignatius Guild will  
hold a public sale of home baked  
goods Saturday, June 28, at the An-  
tioch Packing House Market. Sale  
starting at 9 a. m.

#### Chinchilla Wraps

There are probably not more than  
25 wild South American chinchilla  
coats or wraps in the world and  
possibly 12 of this grade of chin-  
chilla in the United States. The wild  
South American chinchilla wraps,  
as distinct from the ranch-grown  
chinchillas, vary in cost from \$20,000  
to \$100,000.

## Many Benefits of Johns - Manville Home Insulation

After 18 years' experience blowing Johns - Manville Rock Wool Home Insulation into the sidewalls and attics of buildings, we must all agree that the benefits of an insulated home are outstanding. Just looking at the roof of an uninsulated house is enough to convince anyone. Notice how quickly the snow melts off. That is heat loss passing through your ceiling. Other benefits of Johns-Manville "Blown In" Insulation include greater comfort by making the walls and window surfaces warmer, reducing drafts and making heat more uniform; cooler house in summer, and money saved by reducing fuel cost up to 40%; an insulated house means less load on your heating equipment, or even a smaller heating system. Also, walls and ceilings are cleaner because dust and dirt do not gather on warm surfaces as they do on cold walls.

Johns-Manville Insulation will not attract insects and mice and it is fireproof, will not absorb moisture and get soggy and will not deteriorate or settle. There is a big difference in rock wools. Be sure you get Johns-Manville. Free estimates write Ernest C. Andreas, Dist. Mgr., Mundelein, Illinois. Phone Mundelein 669-R-2.

### THE MASSEY-HARRIS FORAGE CLIPPER

IT CUTS... IT CHOPS... IT LOADS... HAY OR ENSILAGE  
Here's the modern way to handle your forage crops... the all-purpose Forage Clipper by Massey-Harris. In one trip across the field it cuts, chops and loads any hay or ensilage crop... saves time and labor—often you do the job alone.

With Pick-up Attachment installed, the Forage Clipper makes short work of windrowed hay... either for chopping or direct delivery to the rack. Equipped with Corn attachment, it steps in to do a fast, clean job of your corn harvest. Ears, leaves, and stalks are chopped in lengths from 3/4" to 1 1/2" depending on the cylinder speed.

A mower, a chopper, a loader—that's the Massey-Harris Forage Clipper... a forage machine that does the entire job faster, easier, more economically. One efficient machine... 3 operations.

See us for complete details on the Massey-Harris Forage Clipper. Ask for illustrated folder.
